TRANSITION ADVISORS ANNOUNCES EXPANSION INTO CANADA

New York, NY – December, 2011 – Transition Advisors LLC, an international consulting organization formerly known as Accounting Transition Advisors, is pleased to announce they have officially opened two new offices in Toronto, ON and Calgary, AB.

Heading up the two Canadian offices are Jeff Borschowa, CA, Partner, who will be covering the Western provinces and Peggy Tyers, also Partner, covering Eastern Canada. Mr. Borschowa began his professional accounting career with Kouri Berezan Heinrichs Chartered Accountants, a regional firm located in Edmonton, Alberta. Mr. Borschowa earned his Chartered Accounting designation and has gained international experience working with KPMG in Bermuda and a private bank in Grand Cayman. In 2008 he started his own accounting firm and concentrated on his passion – helping small and medium sized enterprises. After buying two small firms he more than doubled the size of his practice in less than two years and realized that there was a need for a Canadian resource to help other accounting firms with mergers and acquisitions, ownership transition and other growth strategies.

Ms. Tyers has over 25 years of experience and responsibility in retail/consumer marketing gained as an employee in general merchandising with Sears and Mark's Work Wearhouse. Peggy used her expertise in project management and buying to develop 2020 Canada, which is part of the largest volunteer membership group for professional accountants in the world, having over 13,000 members worldwide. 2020 Canada provides members with a one-stop resource and innovative solutions help to improve the efficiency of their practices and ultimately improve their bottom line.

Mr. Borschowa stated, "We are excited to bring to the Canadian marketplace services that were previously not available to professional accountants. Transition Advisors is involved in all issues of ownership transition with which professional accounting firms are faced. We are here to empower our clients to make informed decisions that will take their firms to the next level."

In keeping with their recent rebranding efforts, Transition Advisors has created and launched a new website at www.transitionadvisors.com. Easy to navigate and filled with beneficial resources, the site offers access to all of the firm's numerous services including, but not limited to, valuations, succession plans, growth strategies, mergers, assistance with negotiations, drafting contracts, due diligence support as well as CPE courses and webinars, and complimentary reports and case studies.

Over the past 20 years Transition Advisors has worked with a wide range of firms developing solutions for succession and growth including closing hundreds of merger and acquisition transactions throughout the United States and Canada. For additional information in the US please contact Terry Putney, CEO (tputney@transitionadvisors.com) or Joel Sinkin, President (jsinkin@transitionadvisors.com), in Western Canada, Jeff Borschowa (jborschowa@transitionadvisors.com) and Eastern Canada, Peggy Tyers (ptyers@transitionadvisors.com).
